~Your Loving Mom
Candlelighters of Brevard is an amazing charity for families of children with cancer in Brevard and Indian River Counties. Our family got to meet several other Candlelighter families at the Family Outing. We loved dinner, go karts, mini golf, but more than that, we treasured making connections. It was so special for these 2 sweet Osteosarcoma girls to meet and share a light of hope with each other!
Candlelighters presents the 2022 Operation Superhero Experience! In collaboration with Jason Hook Photography, we celebrate and recognize our Candlelighter children for the heroes they have become during their fight against cancer.

This program was created to celebrate our courageous fighters in the midst of their battle against the villain, cancer. Candlelighters’ Operation Superhero provides families with a professional superhero transformational photoshoot experience through Jason Hook Photography. Participants joined together for a reveal party where they enjoyed their very own red carpet, private theater, and special Hollywood-themed afterparty. Each superhero viewed their personalized movie trailer created by 142 Productions before the final reveal of their movie poster. The images will be cherished as a constant reminder of the strength our superheroes possess. We are proud to introduce the newest members of Candlelighters’ own justice league!
Meet Olivia aka Wonder Woman! Olivia was diagnosed with Diffuse Intrinsic Pontine Glioma (DIPG), a rare brain tumor, in January 2022 at the age of 6. Olivia remains on treatment and takes many visits to Gainesville for a vaccine on a clinical trial. Despite the constant travel and treatment days, Olivia remains a true superhero. She shines her light, remains positive, and always keeps a smile on her face.

Meet Jean aka Doctor Strange! Jean was diagnosed with Synovial Sarcoma in May 2021 at the age of 13. After enduring multiple rounds of chemotherapy and radiation Jean and his family were faced with the tough decision of amputation. This fall, he received his artificial leg and is walking like a champion. His strength and gratitude for life are nothing short of an amazing superpower.

Meet Leonardo aka Wolverine! Leo was diagnosed with Glioblastoma in December 2019 at the age of 11. Leo is actively living his life to the fullest and spending time with friends and family to enjoy each day of his journey. Leo exudes the confidence every superhero needs to execute their superpower.
Meet Delilah aka Poison Ivy! Delilah was diagnosed with Acute Myeloid Leukemia in November 2020 at the age of 8. Delilah has spent countless days inpatient and many hours on the road traveling to and from treatment. But in true superhero form, Delilah has remained strong and optimistic about her future after cancer!

Meet McKenzie aka Scarlet Witch! McKenzie was diagnosed with stage 3 Hepatoblastoma in May 2017 at the age of 16 months. She endured many rounds of chemotherapy while being inpatient for over one hundred days. She learned to walk supported by an IV pole, she learned to talk with doctors and nurses, and her grit was developed not on a playground but instead on an oncology floor. Yet despite all that, and in true superhero fashion, she did it all with a never give up attitude. Today, McKenzie is a strong and fortified child ready to take on the world!

Family Beach Retreat 2022

Our fishing experience with Tarzan and his team during the Beach Retreat was truly a memory that will never be forgotten. Our staff would like to thank them for their support. Our families have shared that catching fish and enjoying the sun was just what they needed during this time. We are looking forward to creating more experiences in the future for our families.

Family Testimony

Candlelighters have been like a second family for us from the time of diagnosis to now almost 3 years post diagnosis. We were fortunate enough to be invited to spend the weekend and the beach with some incredible families who all have walked a step in our shoes: childhood cancer. Our family is so grateful for the quality and carefree time we were able to have during the beach weekend! When my son was first diagnosed we felt alone and didn’t know where to turn. Candlelighters made sure we had someone to turn to. From treatment to after treatment, they show how much they care by being there with support and understanding. We are forever thankful for the kind hearted individuals that make up Candlelighters, who pour their heart into the childhood cancer community. The beach retreat weekend was one my family will never forget!

~ Alex Little
Candlelighters is honored to recognize the generosity and impact of The Central Florida Shootout! This local fishing tournament and fundraiser has created a legacy of giving in our Brevard community. The Central Florida Shootout has raised nearly $100,000 for the children of Candlelighters over the past 5 years! The organizers and volunteers of the Central Florida Shootout continue to serve as ambassadors to raise awareness and donations to support families during their devastating diagnosis of cancer. Special gratitude is provided to the Mecchella Family for their leadership of the event!

Event participants gathered together to raise funds for charity during the event’s Captain’s Party and Awards Ceremony. Candlelighters was honored to be a major beneficiary of the tournament. The event raised an incredible $20,000 for Candlelighters this year. The hard work and dedication that continues to be invested into this event by sponsors, participants, volunteers, and event organizers speak volumes of the love and care this group provides to the Brevard community. Thank you for supplying incredible support to our local families battling pediatric cancer! Visit www.centralfloridashootout.com for complete information on this rewarding community event.
Dear Friend of Candlelighters,

Candlelighters of Brevard invites you to join us this GivingTuesday in celebration of 30 years of service to our local community. Our organization has been honored to celebrate our legacy and our future during this year’s anniversary campaign. Candlelighters’ Board of Directors and Executive Staff would like to invite you to participate in the final months of our 30th Anniversary by pledging a donation to help ensure our organization is supported for years to come! The theme of this campaign is “Let It Shine”, showcasing how the children and families of Candlelighters have let their light shine over the past three decades. This would not have been possible without the support of Candlelighters’ donors and supporters - like you!

Support our steadfast mission for the past 30 years of providing emotional support and financial assistance to children battling cancer and their families right here in our own community. Every donation dollar counts towards lifting our precious youth. Please make a donation directly through our website by visiting https://COB30Years.givesmart.com.

Candlelighters is humbled by the generosity of Bill and Stephanie Brown in serving as the Presenting Sponsor. The Browns have graciously donated $50,000 to serve as the sponsor of our 30th Anniversary Campaign and to provide direct funding to Family Services programming. Their generous support allows Candlelighters to nearly double the caps on existing programs and services - as well as create a new bereavement program for families suffering the unimaginable loss of a child to pediatric cancer. Candlelighters is forever grateful for the love and thoughtfulness displayed by Bill and Stephanie Brown.

Join us as we remember the foundation of our organization and plan for the future of our mission! This GivingTuesday, Candlelighters of Brevard would be honored to have your support as we recognize our courageous little warriors; provide a platform for our children to shine their light; and support local families battling pediatric cancer - “Because Kids Can’t Fight Cancer Alone”.

Sincerely,

Natasha Duran

Our Candlelighter families find purpose in the pain suffered during their battles against cancer. They have overcome all obstacles to keep their light shining bright.

Princeton chooses everyday to “Let It Shine” serving as a youth ambassador for Candlelighters with his entire family and using his artistic talents by starring in inspirational films that inspire millions of lives.

Trinity chooses everyday to “Let It Shine” by starring as her favorite superhero in the Operation Superhero Program, makes chemo bags for Candlelighters through her girl scouts club and serves as an ambassador for Candlelighters with her parents.

Denise and Kayla choose everyday to “Let It Shine” by pursuing careers in health counseling & pediatric nursing and now directly serve Candlelighters and the hospital where Kayla received treatment as a teen.

Noah chooses everyday to “Let It Shine” by obtaining his private pilot license after being inspired by seeing “Life Flight” services outside his window during his cancer treatments at Arnold Palmer and dreams of doing the same for others.

Donna chooses everyday to “Let It Shine” by living out Sydney's legacy of love through her granddaughter and by sharing her voice with Candlelighters as a bereavement family and ambassador.
Dear Friends of Candlelighters,

Candlelighters of Brevard is filled with gratitude because of your support of the Have-A-Heart Gala! Our organization was blown away by the enthusiasm displayed by our event sponsors, attendees, and committee members! Each person provided a shining light to our Candlelighter families. As a result of your record-breaking support, over $330,000 was raised at this year’s event.

Our organization could not provide the emotional support and financial assistance needed by our precious children battling pediatric cancer without the support of our sponsors! They provide a safe haven for families that don’t know where to seek help after diagnosis. They provide a light in the darkness for parents facing the most difficult time of their lives as they walk beside their children during cancer treatment. They provide hope to a child that could easily feel alone during the endless hospital visits and nights away from home. Our sponsors make it possible for Candlelighters to be the source of comfort for so many in need.

Candlelighters continues to be a light for families through their battle against childhood cancer because of the love and support provided by our community. Our organization celebrates 30 years of service this year, and looks ahead toward many more years of assisting families in need to ensure no child faces cancer alone!

Sincere appreciation,

Candlelighters Executive Staff & Board
